MEMORANDUM FOR: Deputy Director (Support)

SUBJECT: TSS Demonstration -- Briefing for Bureau of Budget Officials

1. This will confirm our telephone conversation about your memorandum of 24 April, subject as above.

2. We certainly have no objection to Bureau of the Budget officials visiting the [redacted] Station, but we would be reluctant to have them see things which would put them in a position to take sides between various elements of the organization. I may be reading more into this than was intended, but I would feel that we would be placed in an untenable position if Hart Perry or anyone else began recommending to us how we should inform TSS about the actual performance of their equipment in the field. Therefore, I would appreciate your discouraging any desire on his part to probe deeply into the use and stability of TSS items. Further, I would be glad to talk to Hart Perry prior to his trip if you desire that I should. I have every reason to believe that your talk with him will suffice, but I do want you to know that I stand ready to assist if it would be helpful.
